Awards given to “Owners” Owners are the initial motivators and facilitators for good design projects.

Owners choose the professionals that produce the project and Owners determine the budgets.

- 1. Nominee must be representative of a high quality of design in relation to the category within which it was nominated.**
- 2. Nominee may be an example of a strong commitment on the part of the Owner, City Agency, Community Groups, etc. to produce a better than average high quality project.**
- 3. The nominee represents a strong commitment on the part of the Owner or Developer to improve the quality of the neighborhood, especially a socio-economically challenged one.**
- 4. In the context of signage, the nominee represents a high quality design that is sensitive to the inherent quality of the structure it identifies and the requirements of the Evanston Signage Ordinance.**
- 5. Small, humble projects must be given equal consideration with larger more “glamorous” projects.**

Architectural Design: Public Use

Architectural Design: Public Use

Clark Street Beach Building

Owner: City of Evanston

Architect: David Woodhouse Architects

Contractor: GA Johnson & Son

***“Elegant....stunning on the lakefront...
...neutral coloration relates to beach
and sky, with punch from the shuttered
windows...we like the pervious paver drive
lane - should become a standard
throughout Evanston's parks”***

Architectural Design: Adaptive Reuse

SHOP Studios

Owner: Adas/Spatz Properties

Architect: Berry/Spatz

Contractor: Berry/Spatz Contractor

“Unique reworking of very utilitarian space to make it artful and appealing...sculptural metal facade enhancements help brand this complex while hinting at the building's former use ”

Design **Evanston**

Awards 2010

Architectural Design: Single Family

Heubeger Residence

Owner: Richard & Elaine Heuberger

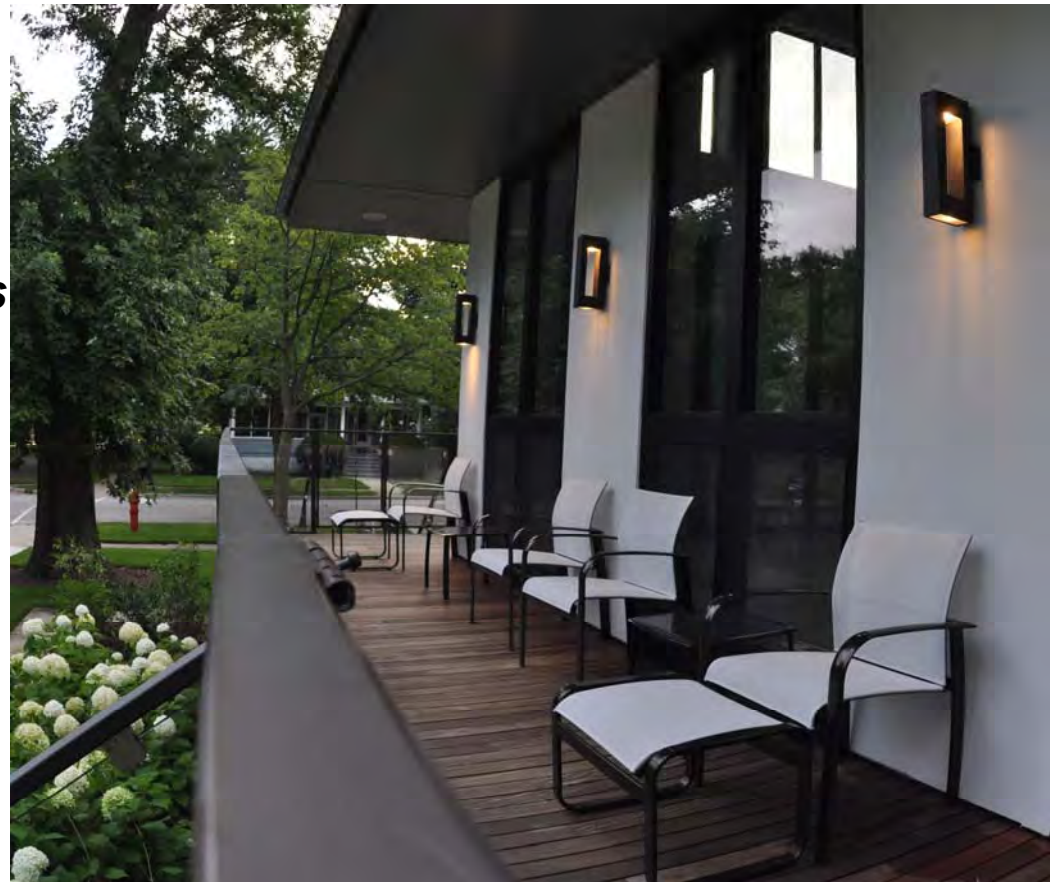

Architect: Audrain Architecture

Contractor: Rock & Wall Construction

***“New construction in context
With historic district...the
gabled ends, masing and setbacks
conform to surrounding 19th/20th
century houses...every bit a 21st
century home...shows you
can be modern and contextual”***

Design **Evanston**

Awards 2010

Landscape Design

The Mather

Owner: Mather LifeWays

Landscape Architect: Daniel Weinbach
& Partners

Contractor: Power Construction

“public access should be encouraged...”

recalls grand North Shore estate gardens, but uses

***durable and lower-maintenance materials....the strong layout pattern,
evergreens and grasses make it a pleasant year-round focal point from the
Mather residential towers ”***

Design **Evanston**

Awards 2010

Landscape Design

Tech Plaza Restoration

Owner: Northwestern University

Landscape Architect: Hitchcock Design

Contractor: Raffin Construction

“New stone garden walls and rectilinear geometry connects the new entry plaza physically and visually to the historic building...dark brick pavement seems like a new material for the Northwestern campus, but does help to warm up the space and make it more user-friendly ”

Design **Evanston**
